<p>The renowned weekly newspaper for electronics, AI, and information technology reports weekly across multiple columns on market developments, technology trends, innovations, management, new products, and background information in the electronics industry. Clear categorization, comprehensive market overviews, and in-depth reports provide a reliable overview of all important areas of electronics and IT.</p>	<p>The technical magazine Elektronik provides cross-media coverage of solutions and components in professional electronics with technology and trade fair editions. Covering hot topics from research to technology implementation, rounded off with relevant economic and trend topics, Elektronik is the perfect source of information for electronics developers and technical management.</p>	<p>The vertical supplement Elektronik automotive provides cross-media information on solutions and components for professional automotive electronics. The four "hot" industry topics of autonomous driving, connected cars, electromobility, and services/shared mobility, from research to technology implementation, are rounded off by relevant economic and trend topics.</p>	<p>Going far beyond mere product reporting, the vertical supplement Elektronik medical provides valuable expert knowledge on all aspects of medical technology in detailed articles covering everything from the basics to applications. The focus is on both the manufacture of the devices and their use on patients.</p>
<p>Markt&Technik reaches managers, purchasers, and development managers in companies that incorporate electronic components/assemblies into their products, require the appropriate development tools for this purpose, and make the necessary product and purchasing decisions.</p>	<p>Elektronik is the media brand for developers of professional electronic products, technical purchasing/sales/business development and technical support at distributors, manufacturers and specialist organizations.</p>	<p>Elektronik automotive is the perfect source of information for developers of automotive-related professional electronics products, technical purchasing/sales/business development and technical support engineers at distributors, manufacturers, and suppliers.</p>	<p>Elektronik medical is the media brand for designers and developers of medical devices. The brand is aimed at decision-makers in the development and manufacturing as well as in the management of medical technology manufacturers.</p>
<p>Weekly publication + 4 quarterly publications + Trend guides + Newspaper for electronica</p>	<p>Published every 14 days + The official daily newspaper for embedded world</p>	<p>6 issues as an insert in Elektronik magazine and as a standalone e-paper</p>	<p>5 issues as inserts in Elektronik magazines and as standalone e-papers</p>
<p>41,606 total circulation* of which extended ePaper: 26,190</p>	<p>55,708 total circulation* of which extended ePaper: 40,308</p>	<p>35,482 total circulation* of which extended ePaper: 20,082</p>	<p>27,332 total circulation* of which extended ePaper: 11,932</p>

*Source: IVW Q3/2025. The current ePaper edition is actively distributed via the ePaper newsletter and also via the elektroniknet.de website.

Technical data

Technical details / Processing

Printing process and finishing	
Cover	Sheetfed offset
Content	Web offset
Paper	Improved newsprint
Finishing	Saddle stitching
	Trimmed format: 210 x 297 mm (Market & Technology: 230 x 297 mm) 5 mm trim on all sides

Subscription prices
You can find the prices for print and e-paper versions of our brands here>>>

Inserts	
Scope	4 pages (more pages on request)
Minimum format	105 mm width x 148 mm height
Maximum format	Format of the publication
Trimmed pages	Must have a bleed of 5 mm
Minimum weight	for 4-page products 100 g/sqm
Placement	Inside the publication, best possible

Inserts must be folded and delivered in uncut format and be suitable for machine processing.

Inserts / Enclosures / Stick-ins / CDs

Inserts	
Minimum format	105 mm width x 148 mm height
Maximum format	10 mm smaller than the publication in both height and width
Minimum weight	150 g/sqm for single sheet
Maximum weight	on request
Positioning	Best possible

Inserts must be trimmed and folded as finished end products and suitable for machine processing. Placement options: Full print run or partial print run according to postal code or Nielsen area.

Inserts
Folded products must be closed at the spine and suitable for machine processing. Positioning and formats on request. Placement options: print run and partial run of inserts by postal code or Nielsen areas.

File name

File names must be assigned according to the following pattern:

ad_customer_mut_issue for ads for Markt&Technik;

ad_customer_ek_issue for ads for Elektronik **ad_customer_em_issue** for ads for Elektronik medical, **anzeigenkunde_ek-auto_ausgabe** for advertisements for Elektronik automotive

Example: Mustermann_mut_1_26

Proof: are in 4-color mode based on the standard

Content: "PSO_INP_Paper_eci.icc (Fogra 48L)"

Cover: "Fogra 51 PSOcoated v3" for offset printing.

The corresponding profiles are available for download at www.eci.org.

Minor tonal value deviations are within the tolerance range of web offset printing.

Solid black areas should be underlaid with a 40% cyan screen.

Technical specifications

All image elements (including logos, QR codes) must be positioned 5 mm from the outer edge

. Files in PDF format must comply with the PDF/X-3 standard PDF/X-3 standard. You can obtain precise reproduction and proofing instructions from the advertising department of the respective magazine.

Delivery address for advertising material (advertisement placement):

DISPO.MarktundTechnik@componeers.net

DISPO.Elektronik@componeers.net

Delivery date and delivery address

THE OFFICIAL DAILY embedded world

The exclusive official daily newspaper for embedded world 2026

The editorial teams of the official media partners **Elektronik** and **Markt&Technik** deliver high-quality content with their combined expertise – the perfect source of information for all trade fair visitors.

Dates	
Publication dates	March 10–12, 2026
Advertisement deadline for all 3 issues	February 16, 2026
Print deadline	February 20, 2026

Daily reporting:

With separate editions on all three days of the trade fair, THE OFFICIAL DAILY provides up-to-the-minute reporting directly from embedded world every day.

International visitor appeal:

THE OFFICIAL DAILY reports in German and English.

Changing motifs:

Use the exclusive official daily newspaper for your campaign and feature a different advertising motif on each of the three publication days.

Over 100,000 newsletter recipients!

Each issue is sent as an e-paper via separate newsletters to the Compreneurs and NürnbergMesse distribution lists.

With job market:

THE OFFICIAL DAILY is the ideal platform for finding qualified specialists without wastage at the international gathering of the embedded industry.

21,000 copies – distributed exclusively:

Only THE OFFICIAL DAILY is distributed exclusively to trade visitors and exhibitors in the entrance areas and on the exhibition grounds.

Hall plan:

Stand out on the hall plan – with your logo!
Enclosed in Elektronik 4, Markt&Technik 8, and in the embedded world daily newspaper.
Price: €1,090

Our in-house agency for impact and results

Take advantage of Ignite by componeers, our in-house agency, for customized marketing solutions and innovative, cross-media content marketing campaigns. As a full-service provider, we take care of the entire project management process: from the initial idea to planning and implementation.

We draw on the combined expertise of our in-house specialists and experts, combining their skills to create a holistic campaign concept tailored to your individual needs and objectives.

Content marketing

Connect with your target group through content, provide information about your company, convince them with neutral, tailor-made editorial content, and build trust.

Corporate publishing

Strengthen your brand identity and gain the trust of your target group by sharing high-quality, informative content. Your own company or trade fair magazine radiates professionalism and trust.

LinkedIn Consulting & Campaign Management

We advise you and carry out your campaigns. From conception to implementation, we take care of everything to ensure that your message reaches your target group and has the desired effect.

Video and Audio Production

Communicate using multimedia and take advantage of our experienced video team for all types of film and audio productions. Whether image, trade fair, or recruitment videos, we can effectively convey your messages.

Congress Organizer

Intensify personal relationships with business partners and customers. Whether in-house exhibitions, round tables, partner events, or press conferences—we organize your tailor-made event.

Lead Management

Is your sales team looking for new marketing-qualified leads? With our guaranteed lead packages, you can acquire new customers in a predictable manner and sustainably increase your sales success.

Get in touch for
a no-obligation
consultation!

Events

Be part of something bigger – as a partner at our conferences.

Our events bring together leading figures from business, science, and society. They create space for exchange, innovation, and sustainable inspiration. Use this platform to raise your brand's profile, expand your network, and position yourself as a source of inspiration. Sponsorship allows you to reach a high-caliber target group, strengthen your market presence, and send a signal of commitment and sustainability.
